John MacMahon

«The philosophy of MedFIT's one-to-one meetings is sort of new in the sector. Not only you'll be able to connect with family to bigger funds, but also to the whole medtech community: Technology, cash and expertise are gathered in a single place.»

Mathieu Charleux
Medical Devices Consultant, MD 101

«Face-to-face meetings are the greatest advantage of the event. It really allows to exchange in-depth with all the medtech players.»

Remke Burie
Managing Director, University of Twente

«In Healthcare, it's all about collaborations between academy, industry and other players of the sector. With the business convention, you have time to meet and interact with them.»
